**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC members:

We are currently Sonic Internet and Phone subscriber. Their service are totally compatible with AT&T or Comcast, but only 1/2 of their cost! As matter of fact, we have been using Comcast more than decades until beginning of this year to switch to Sonic. We are aware Sonic service is not as fast as those primary internet carrier, but they are fast enough for our 2 seniors household with two laptops, 2 Cell phone and Netflix and Amazon Prime streaming at the same time with half of bigger company charged us for years!

We love Sonic, their hard work and dedicating to their customers! Not like those major cable companies which increase cost to sky high after 1year lureing deal! We are tired of Comcast(Xfinity) and AT&T!

So please DO NOT approve the approval of USTelecom petition which is nothing but major business owners monopoly against smaller business owners!

Thanks for your consideration!

Best,

Yar Wei
